OBJECTIVE

Frontend Developer with 2 years of hands-on experience specializing in React.js and Next.js. Skilled in building scalable, high-performance web applications with intuitive UIs and seamless API integrations. Passionate about delivering user-centric digital experiences and impactful solutions.

SKILLS

Technical Skills — JavaScript, React.js, Next.js, Node.js, Tailwind CSS, MySQL, MongoDB, Data Structures & Algorithms, RESTful APIs, Git, Jira, Docker, Responsive Web Design

Soft Skills — Problem-Solving, Critical Thinking, Communication, Team Collaboration, Adaptability, Attention to Detail, Time Management

EXPERIENCE

Frontend Developer   Nov 2023 – Present
Fple Technology Pvt Ltd, Bangalore, India

- Developed complex UIs for admin management and member-facing systems using reusable components in React.js and Next.js.
- Integrated advanced features and ensured responsiveness using Tailwind CSS and modern design principles.
- Managed state using Redux for scalable and maintainable architecture.
- Implemented lazy loading and optimized page performance for faster load times.
- Reduced bundle size and improved rendering efficiency to enhance performance.
- Integrated REST APIs for smooth data communication between frontend and backend.
- Utilized Jira for task tracking, bug fixes, and sprint planning.

PROJECTS

Streamify – Video Streaming App [(View Live)](#) Developed a YouTube-inspired streaming platform using React.js with seamless video playback and intuitive user interface.

- Engineered key features including video playback, search functionality, and personalized content display.
- Built a fully responsive UI optimized for mobile, tablet, and desktop.
- Used Redux for efficient state management to ensure smooth user experience.

ShopEase – E-Commerce Platform [(View Live)](#) Created a modern shopping experience using Next.js, React.js, and Redux, focusing on performance and responsiveness.

- Implemented product listing, filtering, and cart functionality with clean UI.
- Optimized loading speed and responsiveness across devices.
- Used Redux for scalable and organized state management.

Portfolio Website [(View Live)](#) Built a personal portfolio with React.js to showcase professional background, projects, and technology stack.

- Designed a responsive interface compatible across all device sizes.
- Highlighted technical skills and achievements for increased visibility.

- Applied modular architecture and clean UI/UX practices for maintainability.

EDUCATION

Bachelor of Computer Science, University of Kalyani   2020 – 2023
